GSENM-

We were asked to draft a comm plan for the release of the NOI for the new land use plan under a very short turnaround. We were specifically asked to include Q&As about interim management, even though we would not normally do so for an NOI.

Can you please help fill out the contact lists for tribes, NGOs, local government, etc. and also draft text for any highlighted placeholders. We are requesting this information as soon as possible. Please also point out any factual errors in the document so that we can correct them.

As I understand it, the NOI is at the WO/DOI level pending finalization of language for the Federal Register Notice. We have not been asked to provide briefing materials, as the NOI is expected to be fast-tracked. We do need a comprehensive comm plan for the roll-out of the NOI, which could happen very soon.

Thank you- and apologies for the short notice.

Communication Plan

December 2017

INTRODUCTION

The Bureau of Land Management's (BLM) Grand Staircase Escalante National Monument (GSENM) and Kanab Field Office (KFO) are publishing a Notice of Intent (NOI) that the BLM GSENM and Kanab Field Office, Kanab, Utah, intend to prepare RMPs for the GSENM Grand Staircase, Kaiparowits, and Escalante Canyon Units, and federal lands previously included in the Monument that are excluded the boundaries. These land use plans will encompass BLM administered surface in Garfield and Kane Counties, Utah.

KEY MESSAGES

1. The BLM's multiple use and sustained yield mission is to sustain the health and productivity of the public lands for the use and enjoyment of present and future generations. We accomplish this by managing public lands for uses as diverse as the lands themselves.
2. (b)(5) DPP [REDACTED]
3. Existing management plans remain in effect until new plans are developed. The new land use plans will provide clarity for the public and permittees on how they can enjoy and use public lands within the monument. The land use plan will also clearly describe how public lands outside the monument will be managed, according to other relevant laws and resource considerations.
